"W.P.Stark, Dear Sir: The Black Diamond is a Dewberry far superior to any other. Hardy and free from disease and holds up and gives fine crops when others fail. It is the most profitable Dewberry known. BARRETT BEST of ALL is a bush variety and is far superior to the Ward, Blower and Mercereau. It is a medium to large berry. I have tested it for five years and it proves to be the best of all bush varieties. Yes, by far the best. Perfectly hardy and healthy and gives full crops when other varieties fall down. I am rapidly taking all others out and replacing with the BEST. I cannot really say too much in favor of this BEST Blackberry. Benj.Barrett." N.J.

BARRETT BEST: Per 500 - $25.00 Per 1000 - $40.00

MAIL OR WIRE ORDERS to WILLIAM P. STARK
538 Real Estate Trust Building
March 4, 1925 Philadelphia, Pa.

For many years he was President of the Missouri State Board of Horticulture on which I also served as an active member in promoting the horticultural interests of the State. He served for years as President of Board of Trustees of one of the leading colleges of Missouri. Largely through his influence and benefaction, numerous school grounds and other state and endowed institutions have been planted and developed.

While we give credit to the men who originate new varieties (referring to Delicious apple, J. H. Hale peach, etc.) especially when such varieties are brought about by deliberate crossing and breeding. After all, the hard struggle in giving the world the use of a new variety is put up by the man who disseminated it.

William P. Stark has taken so prominent a place in the accomplishment of this very thing that I presume fifty or a hundred years are likely to go before the final and just appreciation will be realized."

Prof. J. C. Whitten, Dean of Horticulture, Missouri University for over 25 years, and for some years Dean of Horticulture, Univ. of California.

CURRANT - Perfection, Best 100, $10. 1000, $75.

GRAPE VINES - The standard LAKE ERIE QUALITY - First class.

Brighton	100, $12.	1000, $100.	10,000	Carload
Concord	5.	40.	$35.	$30.
Moore's Early, Campbell	10.	75.		
Niagara, Worden, Diamond	7.	65.		

THE GLORIFIED ADAMS GRAPE - ANOTHER DELICIOUS

This marvelous grape, discovered forty years ago in the Jersey forest, and apparently the discoverer kept his wondrous find a secret - ambition was to develop a 1000 acre vineyard - and Adam made medicinial wine, champagne, grape juice. The Adams has given immense crops of the finest fruit, when others failed. One acre produced 13,199 pounds. The Adams yields more juice and wine than Concord, it is the ideal grape for the popular Prohibition grape juice. Grape experts pronounce it the most delicious table grape. Reminds one of California. Large as Tokay, color rich red and sweet like Delaware - a mammoth Delaware. The flavor fascinating. Outsells Californias. A demonstrated success. Season follows Concord - Sep[illegible]

"Bears [illegible] year, berry very large. Bunches large and compact of very fine flavor; one of the best table grapes grown. I don't know of a better grape for table use, making a wine of champagne flavor, of a light orange color, requiring only 500 lbs. to make a barrel of wine, whereas it takes from six to seven hundred pounds of other kinds grown. Requires more room than other varieties, - Alvin Adams."

First class vines, 10 for $5.00; 50 for $20.00; 100 for $35.00; 1000 for $300.00

PEAR, PLUM, PRUNE, QUINCE, APRICOT: All Standard Varieties.

Medium	4.00	30.00	250.00
Cherry - one year - Best	5.00	40.00	300.00
" " " Medium	4.00	30.00	250.00

Cherry orchards, dependable and profitable. The best cherry orchards are grown from one year trees. We grow the best cherry trees at Vincennes, Dansville, Huntsville and Oregon.

COATES PRUNE - The Improved French Prune. Hardy - from New England to Pacific coast. Plant commercially. Most productive. Most profitable. First class trees 5 for $6.; 10 for $10.; 50 for $40.; 100 for $75.

SANTA ROSA - Burbank's finest plum. Purple flesh, fruits to perfection in Pennsylvania. Delicious. Hardy.

OUR NEXT IN PRODUCTION

CHAMP CLARK - the WASHINGTON RED DELICIOUS. The improved bright, solid red Delicious. The greatest development in Pomology, the alpha and omega, since Jesse Hiatt gave the "Mother Delicious" to the world. For years we sought the ideal apple worthy to bear the name of our life-long friend, Speaker Champ Clark. The Speaker appreciated our ambition, gave his consent, which his son Bennett Champ Clark approves.

BLOWERS BLACKBERRY -	100, $4.	1000, $25.
WALD -	3.	20.

Wholesale production where soil and climate insure best trees, direct from nurseries to planters make possible our money-saving prices.

"WE ARE MORE THAN SATISFIED"

"William P. Stark:

The apple trees - first class one year budded, which we purchased from you, are doing fine: out of 4000 trees- Delicious, Rome Beauty and McIntosh, which we planted in the spring of 1922, there ARE ONLY FIVE WHICH HAVE FAILED TO GROW.

These trees are the cleanest, thriftiest lot we ever planted. Although we ordered one year 4 to 6 feet, many of them were seven feet and calipered ¾ inch.

We anticipated some delay in transit when we ordered these trees, but were agreeably surprised when they came through so nicely. They were well packed and came out of the boxes in excellent condition. There was not a tree in the lot of which there was any doubt as to its being true to label. From the above you can see that we are more than satisfied."

Very truly,
Judson Bros., Kinderhook, N. Y."

SATISFACTORY RESULTS: And Judson Bros. are still planting these dependable trees. Go and see their bearing trees of DELICIOUS, McINTOSH, Rome Beauty, etc. CORNELL EXPERT states that this Judson Orchard (William P. Stark trees) is the handsomest and best he has ever seen.

Later - The Judson-Kinderhook Orchards have ordered thousands more of this same grade, extra 1 year budded.

Our personal service and experience and special prices saved the Judson Orchards thousands of dollars and insured trees of the highest quality and by experts proved to be absolutely true-to-name and dependable.

YOUR NEIGHBORS: We will appreciate the addresses and requirements of your neighbors interested in fruit-growing.

IMPORTANT: We hope to be favored with your prompt order.

Faithfully yours,
William P. Stark

March 4, 1925
538 Real Estate Trust Building, Philadelphia, Penna.

From the late Professor J. C. Whitten many years Professor of Pomology of Missouri and California Universities.

"I have known Mr. William P. Stark intimately for the past quarter of a century. During this period in which we were both engaged in horticultural interest in Missouri, we came much in mutual association. He was prominently connected with the nursery interests and fruit-growing in the state. He was an active member of the State Horticultural Society and President of American Association of Nurserymen.
